

Driving Directions to IMA in Bellingham

International Market Access, Inc. is located on the north side of Bellingham in the Airport Industrial Park near the entrance to the Bellingham International Airport.

From Seattle and Points South

Drive north on I-5 to Exit 258 (Bakerview Road and the Bellingham International Airport). [See below for directions from Exit 258 to IMA.]

Directions from I-5 Exit 258 to IMA

Drive west on Bakerview Road about 200 yards straight through the first set of lights (Arco station on your left, 76 station on your right). Bakerview Road turns into Airport Drive. Continue on Airport Drive to the 2nd right. Turn right on Sound Way and drive 200 yards until you see our building on your right. Park in any “Visitor” stall.

From the BC Lower Mainland

You have four main options:

1. Driving south on Highway 99. Highway 99 will become I-5 once you have crossed into the United States. Continue 19 miles south to Exit 258 (Bakerview Road and the Bellingham International Airport). [See above for directions from Exit 258 to IMA.]
2. Driving east or west on Highway 1 (or from Surrey/Langley), exit south on Pacific Highway #15 (176th St). Pacific Highway #15 becomes WA-543 S. Merge onto I-5 south to Exit 258 (Bakerview Road and the Bellingham International Airport). [See above for directions from Exit 258 to IMA.]
3. Driving east or west on Highway 1 (or from Aldergrove), exit south on 264 St. (Highway #13). Once you have crossed into the United States, continue south on Guide-Meridian (Route #539) about 15 miles then turn right on Bakerview Road (adjacent to Barnes and Noble). Drive west about one mile until you cross over I-5 (at Exit 258). [See above for directions from Exit 258 to IMA.]
4. Driving east or west on Highway 1 (or from Abbotsford/Chilliwack), exit south on Sumas Way (Highway #11) to the Huntingdon/Sumas Crossing. Continue south and east following Route #546 (via Lynden) or Route #544 (via Nooksack/Everson) to the junction with Route #539 (Guide-Meridian). Drive south following directions in #3 (above).
